### Nothing to celebrate

There really is very little to celebrate on this anniversary of the first year of Narendra Modi's second term in office.

#### Nothing to celebrate

What a terrible year it has been for India. And, for Narendra Modi. Next week marks the end of the first year of his second term as Prime Minister, and it would be no exaggeration to say that it has been the worst year of his long political career.

## If we need childcare to reopen the UK economy, why is it so undervalued?

### If we need childcare to reopen the UK economy, why is it so undervalued? | Christine Berry

From precarity in the gig economy to underfunding in the NHS, coronavirus has brutally exposed the weaknesses of our economy. Some hoped that school and nursery closures would prompt a similar lightbulb moment in relation to childcare. Without paid care and education, the formal economy would grind to a halt.

### Explainer: What Is the Open Skies Treaty and Why Is U.S. Quitting? - The Moscow Times

The Open Skies Treaty, which the United States plans to quit, was agreed just after the Cold War to allow signatories to avoid nasty surprises by monitoring rival militaries. It was signed in 1992 and came into force in 2002, allowing 35 countries - including the United States and Russia - to fly unarmed surveillance flights over each other's territory.
